

SRUTHIK ISSAC

Cloud & Network Engineer

Chennai, India · sruthik2016@gmail.com · +91 73735 22116 · linkedin.com/in/sruthik-issac · github.com/sruthik27

EXPERIENCE

Hewlett Packard Enterprise Chennai, India · Feb 2024 – Present

Cloud Engineer · HPE Networking Sep 2024 – Present

- Re-architected a core diagnostics tool — shipped a live, in-browser interactive console end-to-end.
- Solo-built a major catalog & execution feature with a fault-tolerant scheduler and persisted state.
- Designed an aggregated typed-API layer unifying many internal endpoints — auth, schema validation, structured parsing.
- Owned a packet-level capture pipeline — roaming-scenario discovery, artifact assembly, object-store upload.
- Built a CPU-only hybrid retrieval engine over a structured command catalog. Search by intent, not syntax.
- Leading agentic AI tooling for network troubleshooting under a self-driving-networks initiative.

Cloud Developer Intern · HPE Networking Feb 2024 – Aug 2024

- Built session-management infrastructure — persistence, search/filter, probabilistic uniqueness check at scale.
- Shipped UI for the test-execution surface — connectivity / latency / throughput widgets with live-update plumbing.

EDUCATION

Thiagarajar College of Engineering

B.E. Electronics & Communications

Madurai, India

Nov 2020 – Jun 2024

CGPA: 9.0 / 10

SKILLS

Languages	Go, Python, JS / TS, Java, SQL
Cloud	AWS, Kubernetes, Docker, Azure
Frameworks	React, Quarkus, FastAPI, LangChain, LangGraph
Data	PostgreSQL, MongoDB, ArangoDB, Redis, Kafka, Temporal
AI	RAG, Agents, Prompt Eng., MCP, Local LLMs
Networking	CCNA, WiFi, Cybersecurity, Packet Analysis

SELECTED PROJECTS

- **Marginalia** — Local-first desktop reader; books → takeaways, summaries, audio. On-device via local LLMs. marginalia-desktop.vercel.app
- **Plexus** — Citation-first WiFi troubleshooting RAG assistant. Hybrid graph retrieval over vector + lexical + graph indices. app.plexus.pw/chat
- **Etherlab** — Terminal-native networking labs on Containerlab. LAG/STP scenarios, fault injection, capture/decode workflows. github.com/sruthik27/etherlab
- **YouBar** — macOS menu-bar YouTube Music controller. Search, library, visualiser, ad blocking, media-key support. github.com/sruthik27/youbar

CERTIFICATIONS (33 total)

- AWS Solutions Architect — Associate · 2024
- AWS Certified AI Practitioner · 2025
- Cisco CCNA · 2026 (renewed)
- LangChain Essentials · 2026
- ArangoDB Certified Professional · 2024
- GraphQL Developer Associate (Apollo) · 2024
